Masterfile consists of subscribers to four distinctly unique newsletters: Dr. Stengler's Health Revelations, Health Sciences Institute, Nutrition & Healing and health book and report buyers outside of the United States. (Australian subscribers not available)

These subscribers and buyers are interested in cutting-edge ideas about breakthrough health solutions that aren't available through other sources. They are looking to take control of their health rather than rely on a dogmatic medical establishment that is obsessed with surgery, drugs, and a one-size-fits-all approach to medicine.

Other offers that may interest these buyers are general merchandise, supplements, self-help, political, financial, travel, magazines, and memberships.
